

Clinical Research Coordinators: Learners for Equity (CIRCLE) TRAINING PROGRAM

**A PAID PROGRAM FOR THOSE
INTERESTED IN CAREERS IN
HEALTHCARE RESEARCH**

Applications due: April 17, 2024

To apply, visit: <https://redcap.link/CIRCLE-2024>

"All the skills learned
in this program will help
me in my
professional endeavors"

"I learned so much
about what it means to
be a CRC, and it made me
more excited to become
a CRC to learn and grow."

ABOUT

- CIRCLE prepares diverse individuals to work in health research as a Clinical Research Coordinator (CRC)
- CRCs support the daily activities of a clinical study involving human participants.
- Training period includes discussions, CRC job shadowing at UCSF, and application preparation for a position in research
- Tuition cost: Free and scholars receive a \$2,500 stipend

PROVIDES

- Cohort community of scholars interested in entering clinical healthcare field
- Hands-on training to support clinical healthcare career exploration
- Talks and practice on roles and responsibilities of a CRC with shadowing experience
- Job application, interview and financial support
- Networking, mentorship, and community building

WHO CAN APPLY?

- Open to SFSU: Graduating senior, recent grad or currently enrolled in a master's program
- Can attend the training program from 7/29 - 8/09
- Commit to completing 20 hours of shadowing by end of December 2024
- Has interest in research and/or addressing health equity
